3. An Overview of the Examination of the Dizzy Patient-T. Hain, MD

Easy to follow, easy to understand, able to explain things in simple terms, great audio/visual aids

3. An Overview of the Examination of the Dizzy Patient-T. Hain, MD

-

3. An Overview of the Examination of the Dizzy Patient-T. Hain, MD

3. An Overview of the Examination of the Dizzy Patient-T. Hain, MD

3. An Overview of the Examination of the Dizzy Patient-T. Hain, MD

Very confident & matter-of-factly. Easily heard & understood!

3. An Overview of the Examination of the Dizzy Patient-T. Hain, MD

Excellent overview of the clinical exam!

15. InstructorComment4

4. Non-Otologic Causes of Dizziness-T. Hain, MD

Difficult to hear May need to consider pacing lecture more appropriately so as to avoid rushing through items

4. Non-Otologic Causes of Dizziness-T. Hain, MD

Very helpful in understanding importance of differential diagnosis. My main purpose in coming to this course was to treat BPPV, but I have walked away with so much more.

4. Non-Otologic Causes of Dizziness-T. Hain, MD

more differential diagnosis

13. InstructorComment3

3. An Overview of the Examination of the Dizzy Patient-T. Hain, MD

Amazing knowledge; explains well.

3. An Overview of the Examination of the Dizzy Patient-T. Hain, MD

Difficult to hear

3. An Overview of the Examination of the Dizzy Patient-T. Hain, MD

Easy to follow - I liked the power point presentations
Gave me good insight into what examination entails and
Set the tone for the remainder of the course.

3. An Overview of the Examination of the Dizzy Patient-T. Hain, MD

speak louder

3. An Overview of the Examination of the Dizzy Patient-T. Hain, MD

Would have liked to have Dr. Hain for longer period of
time.

6. Pharmacological Interventions of the Dizzy Patient-T. Hain, MD

" "

6. Pharmacological Interventions of the Dizzy Patient-T. Hain, MD

Interesting knowledge!

6. Pharmacological Interventions of the Dizzy Patient-T. Hain, MD

6. Pharmacological Interventions of the Dizzy Patient-T. Hain, MD

As a PT, I have limited knowledge in this area, so this presentation was very helpful.

6. Pharmacological Interventions of the Dizzy Patient-T. Hain, MD

Helped me understand & differentiate medications so I can feel more comfortable when speaking with physicians

6. Pharmacological Interventions of the Dizzy Patient-T. Hain, MD

Good info to take into account when evaluating (PT) a patient. I was not aware of the role of many of these drugs prior to this session.

7. Vestibular Function Tests-T. Hain, MD

" "

7. Vestibular Function Tests-T. Hain, MD

7. Vestibular Function Tests-T. Hain, MD

7. Vestibular Function Tests-T. Hain, MD

7. Vestibular Function Tests-T. Hain, MD

Good overview of the various tests.

7. Vestibular Function Tests-T. Hain, MD

covered too fast. couldn't keep up.
would have liked tests related back to vestibular
anat./physiology, because I am too much of a novice
to understand it at this pace.

21. InstructorComment7

7. Vestibular Function Tests-T. Hain, MD

Would like to have test explained as to what is done when performed
~~must~~ VEMP.

7. Vestibular Function Tests-T. Hain, MD

Demonstration - explanation how test is actually performed

7. Vestibular Function Tests-T. Hain, MD

needed a more full overview of an entire objective exam testing for everything before breaking down testing for specific. "cover-cross-over" wasn't mentioned till d. 3.

7. Vestibular Function Tests-T. Hain, MD

most graphs of ENG + etc were too small to see

7. Vestibular Function Tests-T. Hain, MD

7. Vestibular Function Tests-T. Hain, MD

good videos !!

21. InstructorComment7

7. Vestibular Function Tests-T. Hein, MD

An audiologist would have been good to hear from too discussing the various tests.

47. InstructorComment20

20. Oculomotor Exam-T. Hain, MD

Need more time

20. Oculomotor Exam-T. Hain, MD

Appreciate all the videos showing different oculomotor problems

20. Oculomotor Exam-T. Hain, MD

Great to see the videos & get to think out loud! Interesting story re: the vibrator! Haha!

20. Oculomotor Exam-T. Hain, MD

Dr. Hain clearly described the common oculomotor findings.

20. Oculomotor Exam-T. Hain, MD

Need to condense presentation material

20. Oculomotor Exam-T. Hain, MD

Good to see the eye movements again. Good practice in identifying different nystagmus associated with various lesions.

47. InstructorComment20

20. Oculomotor Exam-T. Hain, MD

would have liked to see DV, do as
full oculomotor exam
pursuit, saccades, etc.

more time spent on conditions
that would see in PT clinic
ie. BPPV, unilateral vestib

20. Oculomotor Exam-T. Hain, MD

practice in lab putting together oculomotor
exam with partner would have been helpful
